Wang Jun is the Chairman of the Board of China International Trust and Investment Corporation (CITIC). CITIC is the primary Chinese financial trust and multi-sectoral investment enterprise. It has first world investment analysis capability, has huge domestic holdings in China and has substantial and diversified holdings in several international trade centers, including Hong Kong and the U.S.

Mr. Wang has expressed through people in Beijing (culminating in a request to Melinda Yee) a strong desire to have a meeting with the Secretary to discuss, among other things, ways in which U.S. and Chinese enterprises can join to take advantage of opportunities there. Melinda has said that she would work on securing a short time slot on the schedule if someone advising the Secretary during this trip (i.e., you) is supportive of the idea.

Dear Mr. Wang:

It was a pleasure to have the opportunity to meet with you on my recent trip to Hong Kong. I enjoyed our discussions and feel there are many business opportunities we may pursue.

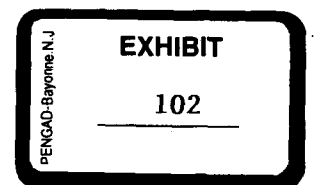

If your schedule will allow, I would like to extend an invitation to you to visit the USA during the month of December. I will arrange for you to meet some of my business colleagues, so that we may discuss these opportunities in greater detail.

Please let me know at your earliest convenience if this will be possible. If you have any questions or need additional information, please do not hesitate to call. Again, thank you for meeting with me. I look forward to your visit to the USA.

Sincerely yours,
